#MeToo. On my bus just now. Men twice my size sitting at the back of a bus proclaiming what they'd do to my body given the chance.

Every day I consider what I'm wearing & the time of night to decide whether to take the train home alone, hoping it won't be #MeToo 😊

#MeToo I was groped at a bus stop by a man. Ten people in the queue, nobody said anything. I got away but it was years before I told anyone.

I was 14, two 50 something punk dudes sat next me on the train so I was cornered, they took turns stroking my leg up to my thigh. #metoo
